Customer Satisfaction Survey 2024

About the Survey

In May and June 2024, many of you took part in an important survey. A sample of customers were invited to take part in a survey by completing either a telephone or online questionnaire.

The survey was carried out by an independent market research company – Acuity Research and Practice. It focused on how happy you are with the way Coastline Housing maintains your homes and delivers key services. The survey also collected the Tenant Satisfaction Measures (TSMs) as required by the Regulator of Social Housing.

The findings will provide a view of the main drivers behind satisfaction levels and the issues customers are most concerned about, informing Coastline Housing's future strategic and operational planning.

This report contains key survey results regarding customers' opinions about their homes and the services received. Please note the results are shown as percentages and are rounded up or down from multiple decimal places to the nearest whole number. Therefore, the percentages may, in some cases, differ by 1% when added together.

A big thank you to everyone who took part!
